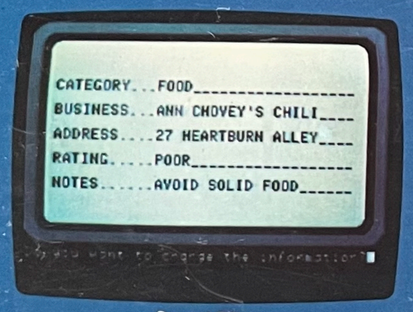
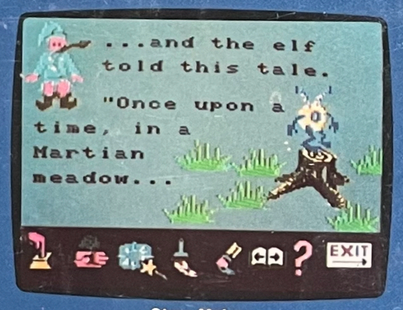
Scholastic Wizware™

Wizware programs are specially designed to help young people get the most fun out of learning and the most learning out of fun. Created by Scholastic, the largest publisher of children's books and magazines in the English-speaking world, Wizware programs are challenging, exciting, thought-provoking, and flexible.

FACT AND FICTION™ TOOL KIT



Secret Filer



Story Maker

Inside THE FACT AND FICTION TOOL KIT™ you'll find two full-length programs.

SECRET FILER™—the easy-to-use electronic filing system. Catalogue your favorite albums or videos. Create a computerized address book or birthday list. When you need the information, "Secret Filer" will sort through your files and get it back fast. With "Secret Filer," it's simple to keep your facts straight.

STORY MAKER™—the computer program that turns you into an author and artist. Imagine the possibilities! Write an adventure and then illustrate it with beautiful scenery, animals, or even aliens. Draw your own graphics or mix and match pictures from the "Story Maker" gallery. You supply the ideas—"Story Maker" helps you express them.

Contents: 1 program disk, 1 data disk, 1 handbook, 1 reference card.

Learning Opportunities: Organizational skills, logical thinking, using data bases, creative writing
